

Now RadioRA® Adds the...

# New GRAFIK RA™ Lighting Control

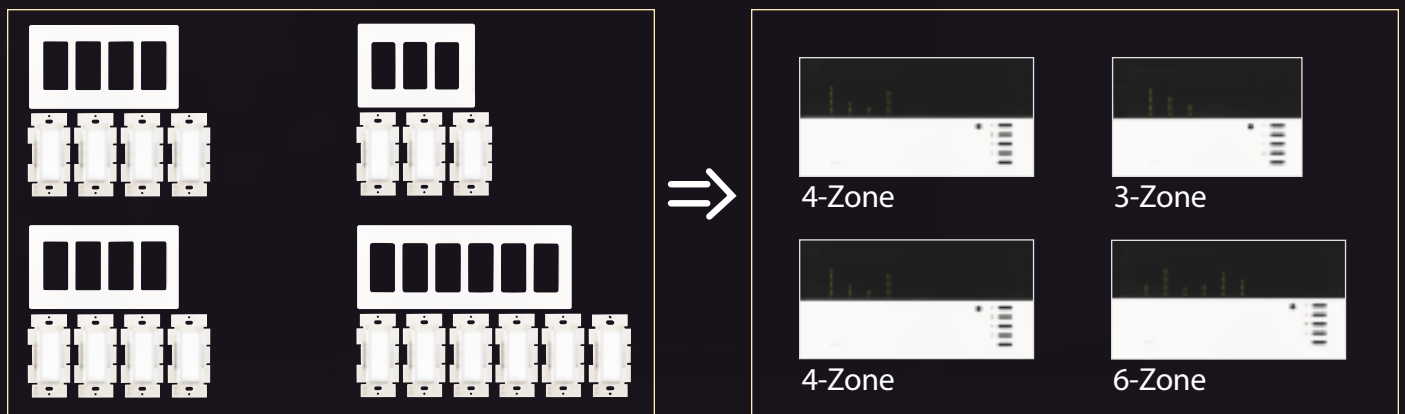

NOW ...

# GRAFIK RA™ Simplifies System Design, Ordering, Installation, and Setup

**EXPANDS  
RADIORA SYSTEM  
TO 192 ZONES  
OF LIGHT**

This becomes ..... GRAFIK RA™

Fewer system components mean faster design, ordering, and installation

One model for all popular light sources makes it easy to design a system —

- Dim or switch any lighting load
- Rest assured GRAFIK RA™ will work even if the lighting plan changes
- GRAFIK RA control units can be easily changed on the job to work with any light source

## Control of Electric Light

Incandescent (120V) and Halogen (120V)

Magnetic Low-Voltage\* and Compact Fluorescent\*\*

\* Electronic Low-Voltage sources require interface.

\*\* Use Tu-Wire® electronic fluorescent dimming ballasts to dim compact fluorescent lamps.

Connects to Lutron Sivoia™ Motorized Shades and Controls

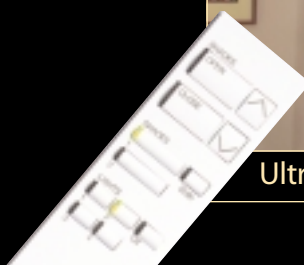

## Control of Natural Light

Ultra-Quiet Roller Shades

Ultra-Quiet Roman Shades

# The Benefits of Using GRAFIK RA

DINING ROOM

Expands RadioRA® System  
Maximum to 192 Zones

GRAFIK RA controls give you the ability to use RadioRA in larger homes—up to 192 zones of light (using thirty-two 6-zone controls).

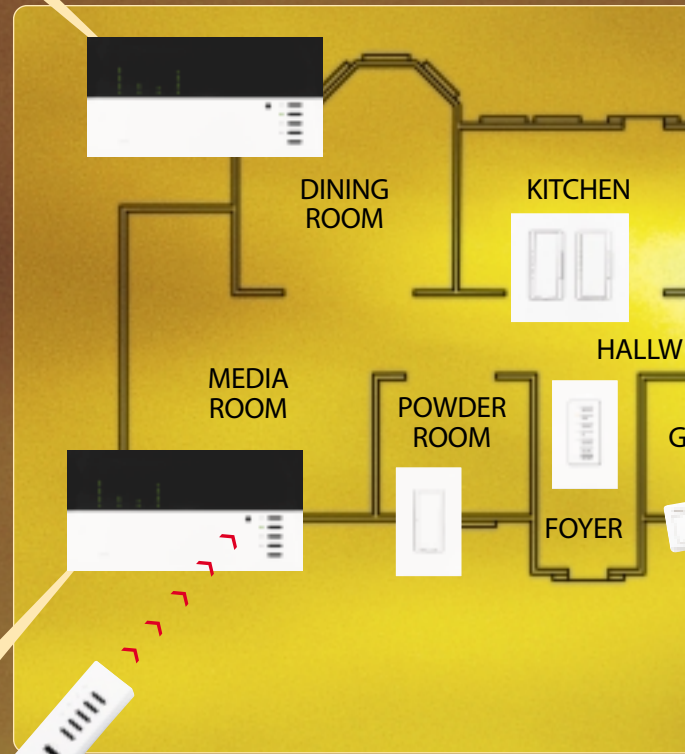

MEDIA ROOM

Infrared Control

Use the infrared wireless remote control to control your lights—also compatible with learning remotes.

Use GRAFIK RA™ in  
Living Area in Y

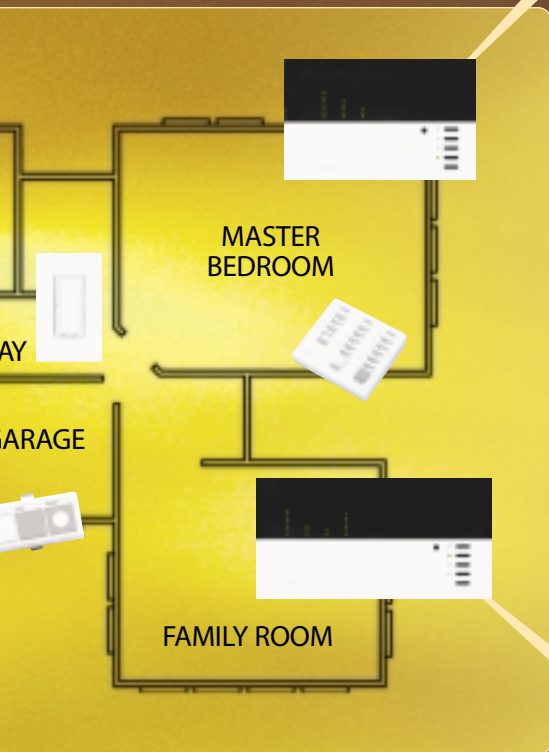

Place RadioRA dimmers and switches in hallways, powder rooms and other one- and two-zone areas.

Place control in bedrooms.

# GRAFIK RA™ in Your RadioRA® System

Every Major  
Room in Your Home

## MASTER BEDROOM
